To whom it may concern,

I came in and spoke as “Brown Act”.. against this obvious censorship issues policy.. by this policy committee in which I spoke of the Flag raising, Loma St and other issues concerning this town on this subject matter for the record.

I believe this subject matter is detrimental to trust issues between public and Town employees/ staff and management. I hope you would reconsider this agenda item about keeping records for the interest of the public. It was 3 minutes .. that can be easily highlighted to reflect what was said.

Please pull and correct records to represent “Brown Act” for transparency reasons.

Respectfully Submitted
