To whom it may concern,

It is not fair to the public to try and submit input to agenda items when they are not given enough time or information to raise a point.

As the member of the public that has raised major issues concerning Finance, and accountability.. well, I seek that you pull "Minutes" and at least mention topics that are brought up.

I believe a 10 - day rule would be fair for the public at large .. as concerns of spending... and the Town Council always pushing TAXES on the Town people .. is unjust and possibly corrupt.. given the facts.

Transparency is needed, and the minutes that a member of the public spoke is all it says is not capturing the minute ..

Enough said.
