Projects Outreach and Noticing Options for Senate Bill (SB) 330 Projects

Town Council Meeting
May 7, 2024

Questions to Consider

Staff recommends consideration of the following questions:

1. Are there additional online outreach techniques that should be implemented?

Current outreach includes:

- Pending Planning Projects listed online by address and on map.
- SB 330 Preliminary & Formal Applications list and materials online.
- Summary table of all SB 330 projects.
- Social media posting.

Questions to Consider

Staff recommends consideration of the following questions:

2. Are there additional mail noticing requirements for pending planning projects that the Town Council would like to implement at this time? If so:

- a. What projects would it apply to?
- b. What should the timing be for the additional noticing?

- c. Should additional noticing be sent if a project changes significantly?
- d. Who should be noticed?
(Town-wide, 300-foot radius, 1,000-foot radius, or other)
- e. Should the 300-foot public hearing noticing requirement be changed?
- f. Should an additional fee be added to the fee schedule to defray this cost?

Questions to Consider

Staff recommends consideration of the following questions:

3. Does the Town Council wish to initiate a periodic Town-wide mailer with information about development in the Town?
If so:

- a. What information should be included? (For example, “learn about pending planning projects,” “find out about pending SB 330 proposals,” “sign up for NotifyMe and the Weekly Newsletter,” or other.)
- b. How frequently should the Town-wide mailer be sent?

Examples of Noticing Costs

We ran costs affiliated with 300-foot and 1000-foot noticing for SB 330 pre-applications.
