[EXTERNAL SENDER]

To whom it may concern, (transparency)

I believe it is important to record minutes, as issues arise when discussion of events are happening and talked about such as ICE raids.

I believe the Town can be held liable for damages to the people of this town who seek local government assistance to "Major Issues" that committees were formed to hear and remain silent ... examples safety issues - Traffic - overreach by government (ICE) / police (alarm system fees) ... request Town reconsideration to "MINUTES" recording and provide "10 Day rule notification on big ticket concerns" like the Flag policy.. WVMA issue and ICE ... **highlighted in BOLD concerns that were brought forward... (in Minutes #1, #2, #4 &#5) to please reconsider**
